Luncheon Meeting, Wednesday, Sept. 28th

The Club Restaurant at McInnis Park, 350 Smith Ranch Road, San Rafael
11:30 am – 1:00 pm

Speaker: Peter Kuo, Vice Chair of the California State GOP

Topic: Why The American State Still Matters

Peter Kuo has lived the American dream, and as a naturalized American citizen, he fearlessly and proudly promotes the ideals of the Republican platform. As a businessman, he understands that free competition, free enterprise, and fair dealing are a crucial component of American-style capitalism. As a dedicated Republican volunteer, he understands the importance of outreach and teamwork. When Peter first came to the United States as a

teenager, he knew little about America other than what he learned watching television. The most important thing Peter knew about the United States was that our laws gave citizens the right to protest, assemble, and petition the government for redress of grievances. As a matter of fact, that is why Peter ended up in America. Peter's father had dared to protest the government in their home country and had been labeled a dissident. Peter adopted the name "Peter" while watching the evening news during the Reagan years. Fast-forward almost 40 years and Peter Kuo is now the Vice Chair of the California GOP. Please join Peter Kuo and us to learn about how we can move forward together.

President's Report

The Future of our Children

' Authors Pete Hegseth and David Goodwin in Battle for the American Mind list these goals for American education: pursuing the lifelong search for greater meaning in life, continually seeking wisdom, studying history and classics, teaching the application of reason, believing in a divine order, knowing that strong-spirited citizens are better together.

Arizona Governor Doug Ducey states:

"The vision that the Founders had around education was the development of a good citizen. We've seen much of that driven out of traditional K-12 education. The first law that I passed was the American Civics Act. That was to bring civics back to the classroom because we found that if you're not testing something in K-12, it's simply not being taught. We were the first state to pass it, and we've now seen 30 other states follow suit. Then, seeing the informed patriotism that is happening in so many of our schools of choice in Arizona, told me that we need an innovation. We have to break up the cartel that is not teaching our kids things of value around math, reading, and science, or the actual skills of being a good future citizen. That was the real genesis in terms of what can be different in education."

We support the candidates running for office in the 2022 election to bring these values back to local schools. They need your financial help and volunteer effort to make a real difference in our communities.

Mary Grove, President

Constitution Day September 17th

Fly your flag on this day! And give a gift of U.S. Constitutions to your local schools.

By California law, schools are to teach the Constitution on this day. Most schools do not know this; so you can help them.

Membership Report

Calling All New Members and Associates!!!

As we know, Biden's policies have led to skyrocketing inflation impacting every family in America. Every time we gas up our cars or go to buy groceries we are reminded of the need to get involved and vote. Who could have imagined we would be where we are today just one year ago? There is no end in sight unless a change in policy direction by Republicans comes to pass.

Now is the perfect time to invite our Republican friends and families to get involved by joining Marin Republican Women Federated. The next few months are vitally important to our republic. The more of us who are actively working to elect conservative candidates, increase our voter registration numbers, and vote for our conservative principles, the stronger we are. When we join MRWF, we surround ourselves with our values-based neighbors. We have opportunities to learn more about candidates, their positions, and ballot propositions.

Christmas is coming! A membership makes the perfect gift. Our dues are \$45 for regular members and \$25 for associate members (members of another Republican Women's Club, citizens other than US, and Republican men).

The application is on Page 7 of this newsletter as well as on our website www.marinrepublicanwomen.com. Please join today.

Idea: if you want give a gift, pay for a new member and provide a chance for them to meet and join like-minded citizens. Dues should be sent to Elise Vitale, 75 Kipling Drive, Mill Valley, CA, or email me at eclair13@hotmail.com.

September – The Month America Celebrates Her Constitution

Constitution Day (Sep 17) commemorates the formation and signing of the U.S. Constitution by thirty-nine brave men on September 17, 1787. Those men drew from many sources to take basic concepts of freedom and developed a document that almost immediately became the envy of the civilized world.

That document put power in the hands of the people, not in government, and it specifically limited the power of a national government. Its purpose was to create a central Federal government strong enough to unify the various states, act in their defense, and to adjudicate interstate disputes, but otherwise as weak as possible. It was never designed to promise grandiose benefits and principles, nor to act as a comprehensive guide to how the individual states must construct their laws.

My, how things changed. Progressive leaders (notably Wilson, FDR, LBJ and Obama) and compliant courts succeeded in implementing a national Progressive agenda. Today we have a huge regulatory state, administrative state, and welfare state all emanating from the Federal government.

This year as we commemorate those thirty-nine brave men in 1787, we must also note and praise today's brave men and women who are doing yeomen's work to overturn the Progressive, anti-American agenda.

Community Action Reports

Voter Registration September Volunteers

We finally have a date for our next Voter Registration! We will meet at the Village near Nordstrom on September 10th at 11am. In November, we have such an important election. We must get everyone out to vote. We have to take back the Congress and hopefully show Nancy Pelosi to the door. There is a car show at the Mall the same day, so there should be lots of people walking around. We hope they are Republicans or disgruntled Democrats or even Independents who have seen the light. This is a fun outing with good conversation with the people that come to our table. We have much to discuss: high prices of everything, rising cost of food and gas, and empty store shelves. We can also discuss how "well" President Biden is doing. I'd love for you to contact me to work the table and meet all the people that come by.

Please call or e-mail Bonnie Steven at 415-686-7170 or bonniers81@comcast.net. I look forward to hearing from you!

Bonnie Stevens, Voter Registration Chair

Election – November 8, 2022

**GO VOTE
DO XOTE**

MRWF Satellite Club

On September 30th our Satellite evening will be hosted by Terry and Nick Avtonomoff. They have graciously invited us to their home in Tiburon.

Bring your friends and family for some like-minded fun and conversation.

Let's see who had the best adventures during the summer. Maybe we will vote on who had the best adventure.

And speaking of voting, we will be giving Faye all the support we can muster for 'our' School Board campaign. Faye started the campaign on August 20th. We will need to be re-energized before the Vote Guides arrive next week.

And bring to share - an hors d'oeuvre for 8 and your beverage of choice. See you on Sept. 30th, Friday evening.

Legislative Report

By Ruth Holly – MRWF Legislative reporter

Common ground!

The global food supply is under threat due to drought and other adverse weather.

Fires and explosions have crippled multiple U.S. food processing plants in the past couple of years.

Governmental policies such as shutdowns, the Russian invasion of Ukraine, and Biden's war on fossil fuel have interfered with supply chains and increased the cost of food production.

The FDA's shutdown of an Abbott baby formula factory because of safety concerns without making provisions to ensure adequate supplies shows the limitations of our federal bureaucracy.

In 2013 a Chinese company was allowed to buy the Virginia company Smithfield Foods. The world's largest pork producer which benefits from vertical integration is under CCP control.

China was also recently allowed to purchase farmland in North Dakota near the Grand Forks Airforce Base, raising U.S. security concerns.

California has about 40 million acres of privately held agricultural land. About 2.7% of this land is owned by foreign investors. State Senator Melissa Hurtado, the Democrat who represents District 14 which is in the San Joaquin Valley, wants to protect our farmland. **Senate Bill 1084 The Food and Farm Security Act** if passed will prevent additional foreign ownership of agricultural land after January 1, 2023.

Senator Hurtado is also concerned about hedge fund and foreign investors profiteering from purchases of water rights and the potential threat to small rural farmers.

Environmental rule for thee

CEQA, the California Environmental Quality Act, was signed into law by Governor Reagan in 1970. CEQA requires an environmental review study for most development projects. This study allows opponents to use litigation to delay, raise costs, or stop a project. Democrats protect their preferred projects by exempting them from the law. Examples are **SB 9**, which allows subdivision of lots zoned for single family homes, **SB 10** which streamlines zoning for 10-unit apartment buildings, and Senator Wiener's recently passed **SB 922** which exempts bike lanes and some rapid transit projects in urbanized areas.

Drip by drip?

Governor Newsom proudly signed into law **AB 1594** which allows the victims of gun violence to sue firearm manufacturers and dealers.

Legislation in Sacramento

There is little time left to stop these bad bills.

Contact legislators now and demand they oppose or abstain on these bills.

Please visit www.perk-group.com/ca-call-to-action to get detailed action steps on each bill.

Excerpted from the CFRW Capitol Update:

SB-866 – Minors: Vaccine Consent – Existing law prescribes various circumstances under which a minor may consent to their remedial care and treatment without the consent of a parent or guardian.

These circumstances include, among others, authorizing a minor 12 years of age or older ... to consent to medical care related to the diagnosis or treatment of the disease ...

This bill would additionally authorize a minor 15 years of age or older to consent to vaccines that meet specified federal agency criteria.
