Luncheon Meeting, Wednesday, Sept. 22nd

**The Club Restaurant at McInnis Park, 350 Smith Ranch Road, San Rafael
11:30 am – 1:00 pm**

**Speaker: Paul Preston, Founder and President of the Movement for a
New California State**

Topic: A Time For Choosing - New California, The 51st State

Paul Preston is the Founder and President of the movement for a New California State. Paul is also the host of Red State Talk Radio’s “Agenda 21 Radio”. He is a powerful, dedicated visionary, who seeks to preserve traditional values.

The New California State movement came alive over five years ago and is now on the verge of becoming the 51st state in the Union. Concerned about the creep of socialism and communism in the state of California, Paul searched for a way to stop the ultimate totalitarian seizing of the state of California and the United States. Paul found it in the Founding Fathers Article IV, Section 3 with the formation of a new state from a preexisting state. New California State is following the Constitution as designed by the Founding Fathers and utilizes the U.S. Declaration of Independence and Bill of Rights as its tools in the “originalist” constitutionalist model. New California State has read over 128 Grievances against the state of California over a period of 128 weeks as part of the January 15, 2018 Declaration of Independence process. Now to complete the Constitutional Conventions for New California State, the 9th and final Constitutional Convention will be held at the end of September 2021 before the movement begins the ‘statehood cycle’.

President's Report

What country is this? Elected officials are viciously fighting election audits while claiming election transparency. Racism is taught in schools and corporations to “fight” racism. Our president has told landlords they cannot charge their tenants rent, cancelling private contracts and ignoring our most basic and prized property rights, as he ignores that the Supreme Court has already ruled the program unconstitutional. In six months, we went from having our most secure border in decades to the least secure ever, increasing drug and sex trafficking to new highs. Illegals are coming over the border with COVID and are flown pro bono to towns across the country, but Americans cannot go to restaurants, attend universities, or keep their jobs if they are unvaccinated. Meanwhile, the CDC and NIH are not requiring their own employees to get vaccinated nor has the CEO of Pfizer gotten “the jab.” Children are required to wear masks and are pushed towards vaccines even though they have a virtual 100% COVID recovery rate and are more at risk of death from vaccine side effects and our annual flu. Citizens are being coerced into getting these experimental shots, completely ignoring their medical rights, even though the CDC reports the virus has a 99.9+% recovery rate for anyone under 75 years old, and there are very effective therapeutics. Healthcare workers in hospitals with COVID patients pre-vaccine were considered heroes, but fired this year if they go to work unvaccinated.

We went from being energy independent to begging OPEC unsuccessfully to increase production to help lower our gas prices. We went from low inflation to high inflation. You can steal and riot without prosecution but walk into the Capitol, invited by Capitol guards, and you are in solitary confinement for six months. There are ten million job openings but the government pays the unemployed more to stay home than they make going back to work. Child suicides are up following lockdowns, and for the first time ever, life expectancy is declining.

(Continued on Page 3, column 1 President's Report)

Membership Report

I recently read a reminder from the state Membership Secretary that California Federation of Republican Women is, in fact, a business. Our product is membership, and what membership produces is more Republicans in office. We certainly need that in state and federal offices, and we would do well to remember what our club can contribute in that regard.

Despite the challenges that the past years have presented to continue our monthly luncheon meetings and our ever-popular Satellite evenings, thanks to you, we are slightly ahead of our membership numbers from last year. We currently have 94 Renewals, 22 New Members, and 55 Associate Members. Good job! Let's top it off with 10 more in September.

Hopefully, the recall of Governor Newsom will be successful, and there will be an opportunity to offer alternative opportunities to those disenchanted with the policies of the left. There is an application in every monthly newsletter, on our website www.mrwf.org. Make a copy and keep it in your purse for that spontaneous conversation, or email the newsletter to any prospect, so they can learn about the club and our projects. If you want to be especially productive, pay for a new member and provide a chance for them to meet and join like-minded citizens. Regular membership is \$40, Associate Members \$25. Dues should be sent to Elise Vitale, 75 Kipling Drive, Mill Valley, CA, or email me at eclair13@hotmail.com.

Constitution Day

September 17th

Fly your flag on this day!

And give a gift of U.S. Constitutions to your local schools. By California law, schools are to teach the Constitution on this day. Most schools do not know this; so you can help them.

Protecting Our Constitution

On this year's Constitution Day (**September 17**), we Republicans not only need to appreciate this great document, but also think seriously about our plan to protect and save it.

Among many more features, our Constitution is great because it puts the power in the hands of the people, not in government. It actually defines and limits government power. It outlines the rights and freedoms of the people. When asked about the Constitution's significance, Sandra Day O'Connor wrote: “It is, quite simply, the most powerful vision of freedom ever expressed.”

Yet, the left regularly demonstrates it is not at all interested in continuing this grand experiment in freedom and self-governance. They try to eviscerate the Constitution by attacking every one of our Bill of Rights and undermine the sanctity of the individual vote.

We must ensure all citizens--Democrats, Republicans, old, and young alike--know, understand, appreciate, and defend America's Constitution.

(Continued from Page 2, column 1 President's Report)

Afghan citizens are given priority over American citizens being evacuated from Kabul. The Taliban is being run by one of the five hostages Obama and Biden traded for an American deserter. We will bring tens of thousands of unvetted Afghan refugees to US cities after 5000 convicted terrorists were just released from Afghanistan's Bagram prison. Nothing wrong with that idea... We are defunding the police as crime surges in our country. The Crazyville list goes on...

There is a silver lining. People are waking up to these travesties, even the media. A lot of Biden voters are not happy with what Biden is delivering. We need you all to step up and help at our booths over the coming months to register Republicans. If there were ever a time to convert Democrats to reason, the time is NOW!

Voter Registration September Volunteers

Our next Voter Registration effort will be on **September 4th**. This month get in to 'Action'. Here are two assignments that MRWF needs to be active in:

- 1) Volunteer with 4 other MRWF's to walk one precinct – hang Republican door hangers, talk to No Party Preference residents. This is a test to see if we can move some of these voters in to the Republican column in 2021.
- 2) Contact us to get on the list of volunteers for September. Email bonniers81@comcast.net

Legislative Report

Your Marin County Schools

Ethnic Studies - The Slow March to Becoming a Public High School Graduation Requirement

California **AB 2016** established a commission to develop a high school ethnic studies model curriculum. Despite public comments opposing the promotion of critical race theory, the California State Board of Education unanimously approved the ethnic studies model curriculum on 3/19/2021.

AB 101 would require public high schools to offer a one semester course in ethnic studies by the 2025-26 school year and would make the course a high school graduation requirement starting with the class of 2030. The ethnic studies class must be “(A) a course based on the model curriculum in ethnic studies developed by the commission, (B) an existing ethnic studies course, (C) an ethnic studies course taught as part of a course that has been approved as meeting the A–G requirements of the University of California and the California State University, or (D) a locally developed ethnic studies course approved by the governing board of the school district or the governing body of the charter school”.

Your California Representatives: Assemblyman **Marc Levine** voted for this bill 5/27/21 and State Senator **Mike McGuire**, a member of the education committee, voted for the bill 7/14/21. The bill is currently in the senate appropriations committee. ¹

* * * * *

California School Curriculum Development

Do our public school parents and we, the taxpayers, know how it works? Legislative curriculum bills get passed and end up in use by your local School Boards:

State legislated curriculum models are reviewed and approved by the **California State Board of Education** (11-member governor appointed board which approves state textbooks and creates regulations based on state law)

- our elected **California Superintendent of Public Instruction** oversees education department staff (who also assist with curriculum development), relays

information to county superintendents, distributes any associated funds, and monitors compliance

- our elected **Marin County Superintendent of Schools** (with the assistance of staff and oversight by our elected **Marin County Board of Education**) relays information to district superintendents, provides teacher training, distributes associated funds, and monitors compliance
- **school district board members** (who select district superintendents and hire school principals) approve local curriculum (and textbooks from the state approved list)
- **school district superintendents and school principals** inform **teachers** of curriculum changes, provide training and educational resources, and monitor compliance at the classroom level.

Ethnic Studies Curriculum in Marin County

“Mary Jane Burke, Marin County Superintendent of Schools, met with high school superintendents in September 2020 to discuss the possible future Ethnic Studies graduation requirement and to discuss measures to counter antisemitism. A team of teachers, a member of the Anti-Defamation League, and a community member were charged with developing course curriculum materials that address antisemitism. Material for African American, Asian American, Latinx/Chicano, and Native American studies was also developed with the input of the Asian American Alliance of Marin, the Canal Alliance, and the American Indian History Museum.”

The Tamalpais Union High School District already offers a semester long ethnic studies course and the Novato Unified School District unanimously approved a semester long ethnic studies class 8/3/2021.² The Novato School Board meeting supporting documents plainly states the focus of this class. “The first unit in this course introduces students to Critical Race Theory and how this concept and framework will be used to assess and analyze historical and current events, systems, laws and policies.”

Critical Race Theory

Critical race theory is a neo-Marxist, anti-white, racist ideology that promotes redistribution of resources on the basis of group “equity”.

Christopher F. Rufo, a journalist and filmmaker, leads in the fight against this ideology. “Critical race theorists must be confronted with and forced to speak to the facts... Do they support mandatory curricula teaching that ‘all white people play a part in perpetuating systemic racism’? Do they support public schools instructing white parents to become ‘white traitors’ and advocate for ‘white abolition’?”³
