Luncheon Meeting, Wednesday, June 12th

**The Club Restaurant at McInnis Park, 350 Smith Ranch Road, San Rafael
 11:30 am – 1:00 pm**

Speaker: Christine Bish, Candidate, U.S. Congress District 6

Topic: Winning Elections in California and Restoring Justice in the United States; and What is Happening with Adam Schiff in California and Maryland

Christine Bish is a seasoned candidate in her District. She has the experience and drive to win in 2024 in her winnable Sacramento District against an opponent who has been a plague while in office for 10 years.

She has a winning message that resonates with voters in her District. She has never stopped working on her campaign ground game since the first time she ran in 2019.

Christine is the Republican Nominee for California’s 6th Congressional District. Her 2024 Primary election victory was not an easy one but it

proves the strength of this candidate and her ability to unite Republicans, Independents and NPP Voters. With Democrat voter registration falling to 42.5% of the registered voters in her District, this race is Christine’s to lose. Throwing out the GOP playbook, her team has devised a strategy to bring in voters regardless of party registration.

Her tenacity and passion for the truth have launched this race into the National Spotlight with her pursuit of Adam Schiff as covered by mainstream media and conservatives like Mike Huckabee, RedState, and the Gateway Pundit.

Her success with Election Integrity Project-CA and a case against Gavin Newsom that forced him to lift the COVID emergency order in California has proven she is the fighter California needs in Washington.

Join us, meet this powerhouse Republican woman candidate, ask her questions, and support her campaign.

On June 6, 2024 Comemorating the 80th Anniversary of D-Day and the legacy of President Ronald Reagan

From: [June Commemoration | The Ronald Reagan Presidential Foundation & Institute \(reaganfoundation.org\)](#)

Eighty years ago, the tides of WWII changed through Operation Overlord and the landings on D-Day on June 6, 1944.

Membership Report

June is the time schools break for summer with many important national holidays. June 14: US Army birthday and our American Flag Day. Let's all raise Old Glory at our homes and business in honor. On June 19th it is Father's Day and Juneteenth. On this day June 19, 1865, Union Army Major General Gordon Granger rode into Galveston, Texas, and issued *General Order No. 3*, proclaiming the enslaved African Americans were free. On June 20th it is American Bald Eagle Day, our mighty national symbol that truly embodies the spirit of America.

June welcomes hot weather, vacationing, graduations, and weddings. Let's go swimming, attend a baseball game, play Bocce ball, and try a new activity with family, friends and Members.

Welcome new Associate Member **Jonathan Madison**. Every month we want to recruit new members to join Marin Republican Women's Federated. Please make an effort monthly to invite at least one new member.

Americanism

Remembering the Horrors of D-Day*

Eighty years ago, the Allies assaulted the Normandy beaches on D-Day, June 6, 1944. In an assault deemed almost impossible, they pulled it off. These moving words to remember and appreciate their heroic efforts: How and why did the Americans on Omaha charge right off their landing craft into a hail of German machine gun and artillery fire, despite being mowed down in droves. In a word, they “believed” in the United States.

That generation had emerged from the crushing poverty of the Great Depression to face the reality that the Axis powers wanted to destroy their civilization and their country. They were confident in American know-how. They were convinced that they were fighting for the right cause. They were not awed by traveling thousands of miles from home to face German technological wizardry, veterans with years of battle experience, and a ruthless martial code. They understood, like their predecessors at Valley Forge, Gettysburg, and the Meuse-Argonne, that nothing in the United States was guaranteed. They accepted that periodically, some Americans—usually those in the prime of life with the greatest futures and the most to lose—would be asked to face certain death in nightmarish places like Omaha, a B-17 over Berlin, or the horrid jungles in the Pacific.

The least that our generation—affluent, leisured, and so often self-absorbed—can do is to remember who they were, what they did, and how much we owe them.

Satellite Club – Conservative Conversations, Cocktails, and Comestibles

We kicked off the summer with an enjoyable evening at Ruth Holly's home in Mill Valley. Everyone brought wonderful cuisine to share and we shared stories of different dilemmas our country faces. Obviously the biggest one is our upcoming election. Will Trump come out on top of all the accusations against him? Will they find more witch hunts to harass him with? There's never a dull moment when the Democrats are out for us -- which is always the case! And then there's the whole international scene with the wars in the Ukraine and Israel. How will America afford all of this? We at MRWF have good answers for all of this but unfortunately Washington and Biden have different ideas.

As summer arrives, we hope everyone gets to go on a vacation somewhere, even if only a short time. It's important to enjoy ourselves to release the stress. We have Memorial Day to honor our veterans and 4th of July to honor our country. Let's do that!! Happy summer to all!

Legislative Report

By Ruth Holly – MRWF Legislative reporter

SB 905 Crimes: theft from a vehicle. (Wiener) The San Francisco Police Department reported 20,000 auto break-ins and Oakland reported 15,000 auto break-ins in 2023. There are very few convictions. During the first 7 months of 2023, the San Francisco DA's office filed eighty-six cases and obtained forty-five convictions for an estimated conviction rate of 1 in 4000. Car burglary requires proof that the car was locked. The victim may be asked to testify in court, which is unreasonable for many tourists. If the vehicle was forcibly entered, there is circumstantial evidence that the vehicle was locked. This bill makes it a misdemeanor or felony to forcibly enter a vehicle with the intent to commit theft. In addition, possession of stolen property exceeding \$950 from a vehicle or vehicles with the intent to sell this property would also be a crime. The only meaningful change to existing law may be the ability to bundle episodes of stolen property possessions together to increase the charge from a misdemeanor to a felony. Residents are concerned about car thefts. This bill allows Senator Wiener to appear to be trying to reduce car thefts as he seeks reelection.

SB 1094 Pupil instruction: course of study: social sciences: civic engagement. (Limon) This bill would require instruction on the state and federal constitutions and democratic principles in grades 1 through 6 and again in grade 7 or 8. The bill also requires two civic engagement experiences. The Senate Education Committee unanimously approved the bill, but the Senate Appropriations Committee suspended the bill, so it is unlikely to pass. Parents are concerned about the curriculum taught in our schools, and legislators share this concern during election years.

AB 2196 Beaver restoration: (Connolly-Marin) Under existing law it is illegal to trap for sport or commerce any fur bearing animal. One can apply for a permit to kill beavers that are destroying property. This bill will require the Department of Fish and Wildlife to design a plan to restore the beaver population in California. There is no opposition to this bill.

SB 1283 Students and Social Media: requires schools to adopt policy that limits or prohibits the use of social media and smart phones while at school, with exceptions for emergencies and use for school curriculum or projects. Here is a link to the bill: https://leginfo.ca.gov/faces/billTextClient.xhtml?bill_id=202320240SB1283

Call your State Senator Maguier - state your name, your zip code, that you are a constituent and that you **SUPPORT** SB1283.

AB 3080 Porn exposure: early exposure to porn influences the transgender identity adoption and harms children in other ways. This bill that requires age-verification before anyone can consume online porn. Here is a link to the bill: https://leginfo.ca.gov/faces/billTextClient.xhtml?bill_id=202320240AB3080

EIPCa Legislative Alert

By Election Integrity Project California, May 5, 2024

Please raise your voice for self-governance by contacting your State Senator today.

To find out who your representatives are go to the list on page 8 of this newsletter., or go to <https://findyourrep.legislature.ca.gov/>.

Beginning with good news: **AB 2050**, the second attempt to ally California to the disastrous and highly partisan [Electronic Registration Information Center](#) (ERIC), is now languishing in the Appropriations Committee suspense file for the second time.

One of EIPCa's objections to the bill was the cost to the State, which is facing a \$70+ billion deficit. [For now, the Appropriations Committee agrees.](#)

California citizens will still need to keep a close watch for yet another resurgence.

The next 'Clear and Present Danger' is **Senate Bill (SB) 1174**, which will be up for a floor vote in the State Senate very soon.

Please read [EIPCa's letter of opposition](#) and then [contact your State Senator by email or phone](#) to express how your Senator can best represent your desires when voting.

Then be prepared to reach out to your Assembly representative as the bill begins its journey through the Assembly Committee and floor vote process. (EIPCa will keep you posted.)

SB 1174 was proposed in response to the action of the people of Huntington Beach, who voted in the last election to require voter ID for their local elections.

The bill would deny the people of that Charter City, and every other municipality in the state, the right to self-govern in the way they wish by forbidding the requirement of ID for any election at any level in the state.

EIPCa believes the law to be government over-reach and another attempt to allow the State to bully the California citizens at the local government level.

Looking for School Board Candidates and Volunteers

Over 38 School Board Candidates Needed in Marin County for 2024

It has become more apparent that children are not receiving the quality education that the \$22,000 per year spent by California on **each child** should produce.

Even more troubling:

- Indoctrination of our children that they should question their gender.
- Schools assume the responsibility to encourage a child who questions their gender to take the next step.
- Parents are kept in the dark.
- Meanwhile, our state ranks at the bottom in academic performance!

Every school district will have school board openings in the November 2024 election. We need to fill those seats with conservatives. To get good candidates elected, we need to start NOW with the help of VOLUNTEERS.

If you are interested in investing your time to help us take back our schools, please email Faye at newsletter@marinrepublicanwomen.com
